Introduction

# IPC-F22A

The camera delivers 2MP live monitoring with a choice of 2.8mm or 3.6mm or 6mm lens option, it supports the latest H.265 compression which can save up to 50% bandwidth and storage. Human Detection allows you to monitor what matters without receiving annoying false alerts. With IP67 certified, the camera can be used outdoors under different weather conditions.

**1080P Full HD Video**  
See more than 720P

**Human Detection**  
Quickly find human targets in you home

**Built-in Microphone**  
High quality microphone picks up sounds clearly while monitoring

**H.265 HEVC**  
Save more high-quality video in less space

**IP67**  
Weatherproof from dust and water

**Alarm Notification**  
Sends instant motion-activated alerts to your mobile phone

**Diversified Storage**  
Supports NVR, Cloud Storage or Micro SD card (up to 256GB)

**24/7 Protection**  
Infrared night vision for clear-as-day clarity even in pitch dark

**PoE**  
An Ethernet cable provide both data connection and electric power.

Key Features  
& Benefits

## Human Detection

Powerful image processing technology quickly finds human targets in images and immediately sends a notification to your smartphone, allowing you to monitor what matters without receiving annoying false alerts

## Power over Ethernet

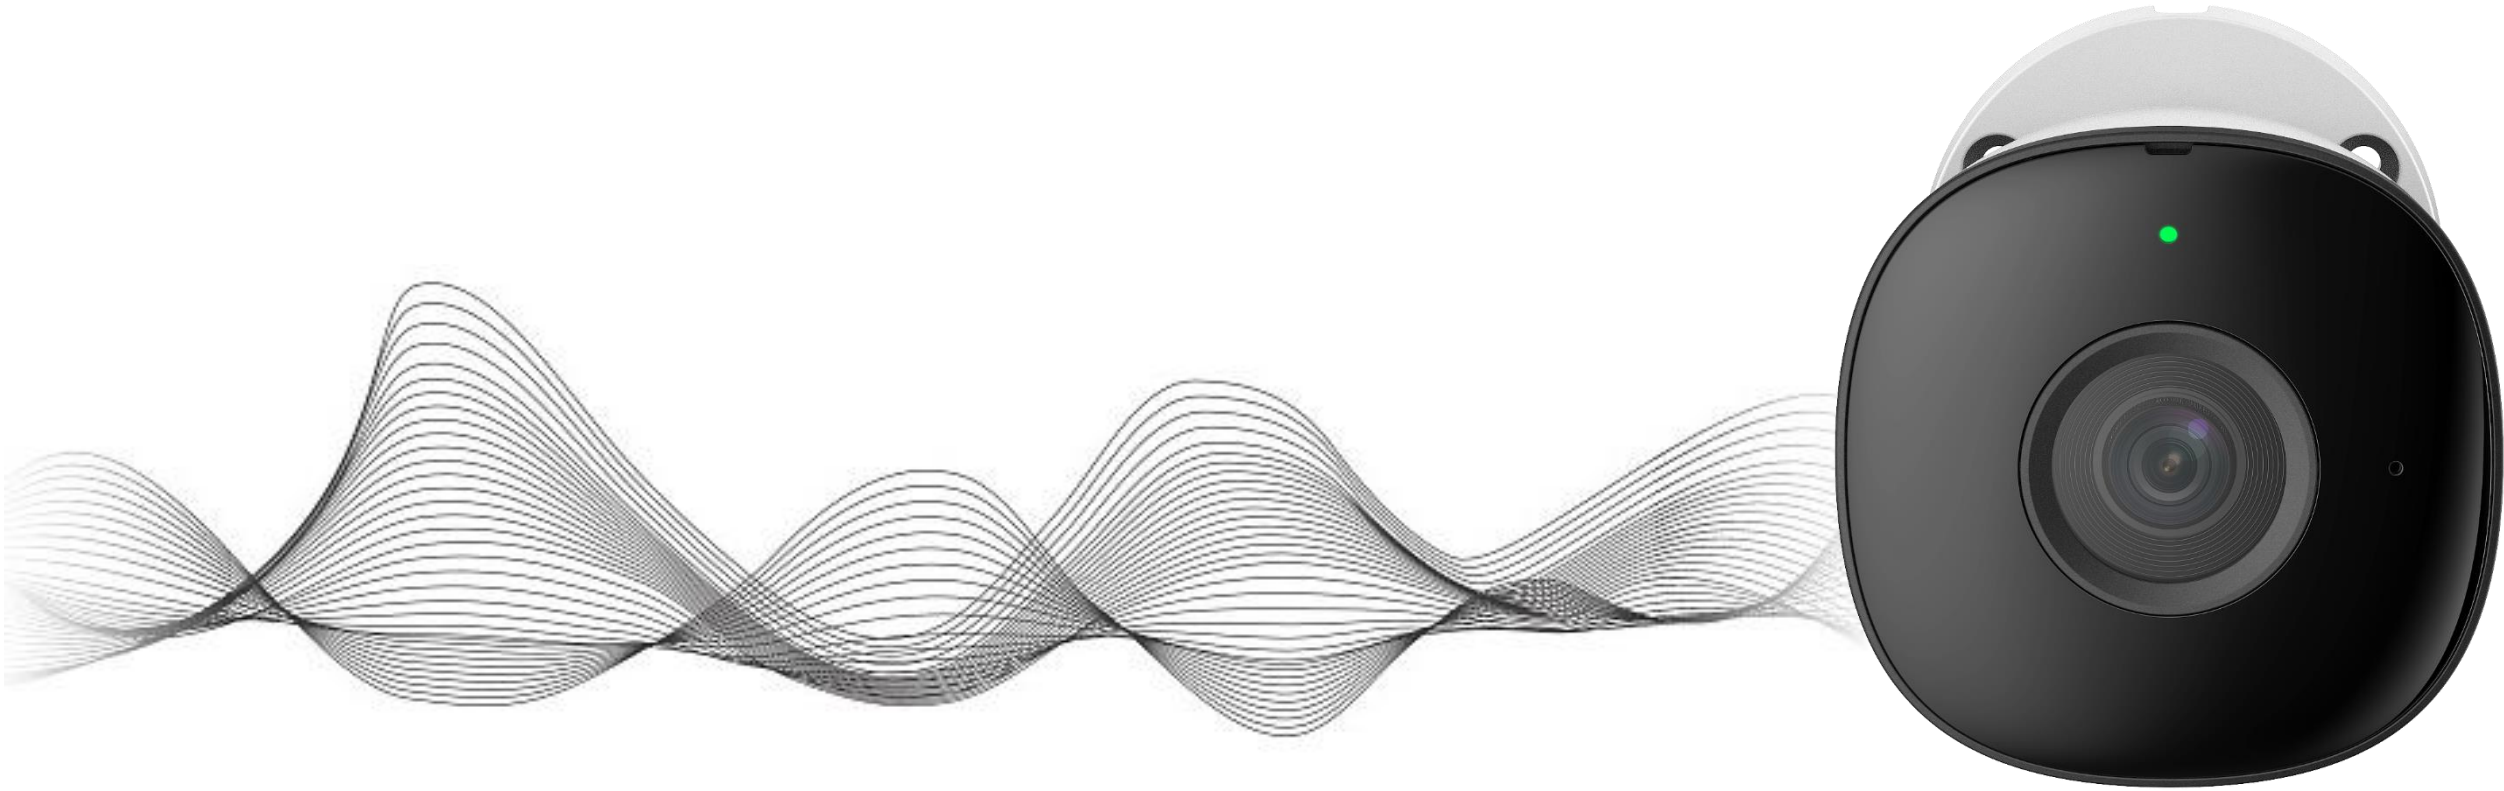

The Power-over-Ethernet (PoE) support allows for this camera to be installed by means of just an Ethernet cable to provide both data connection and electric power.

## Built-in Microphone

High quality microphone picks up sounds clearly while monitoring.

\*The real distance relates to actual situations

## Weatherproof

IPC-F22A is IP67 certified for use in extreme outdoor conditions.

## 1080P Full HD Video

High quality sensors present crystal clear videos and

## The Latest H.265 Compression

Reduce network bandwidth and storage usage by 50% at the same video quality.

H.264: **6-day** continuous recording on a 128GB Micro SD card(2MP camera)

H.265: **12-day** continuous recording on a 128GB Micro SD card(2MP camera)

## Night Vision

Night vision mode automatically switches on and off. Advanced IR algorithms provide clear picture even in complete darkness.

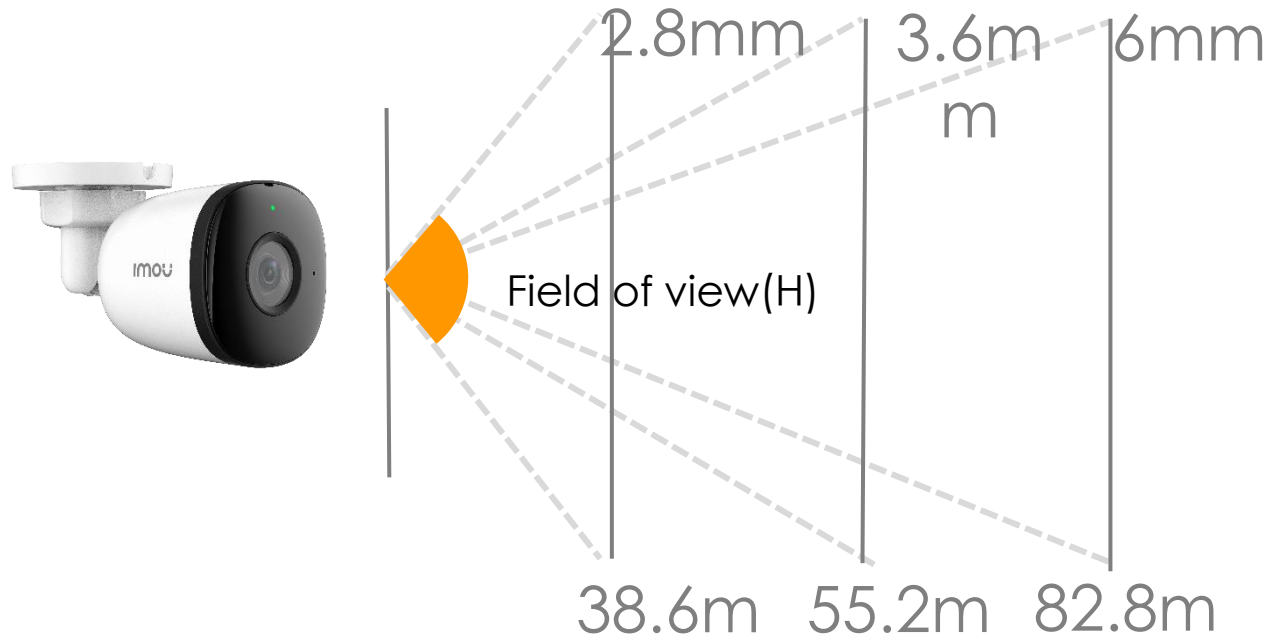

## Application

# Multiple Lens Options

Different focal length for different scenarios

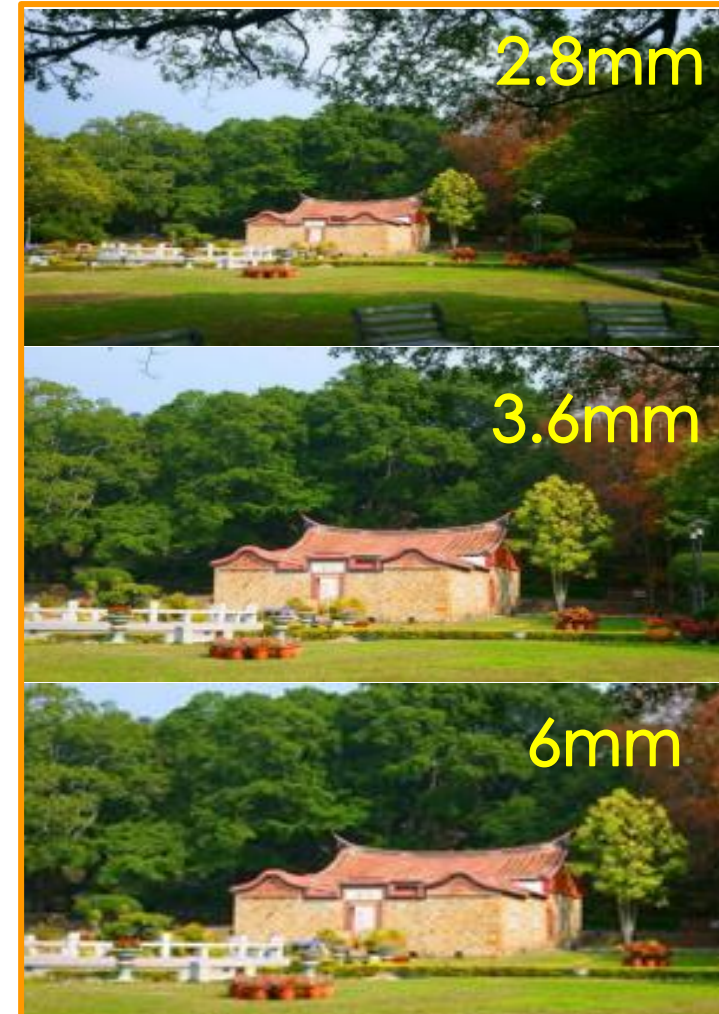

Target: 2m(6.5ft), Install Height: 3m(9.8ft), resolution: 1080P

2.8mm: discover the target at 38.6m(126.6ft), field of view is 120° ;

3.6mm: discover the target at 55.2m(181.1ft), field of view is 108° .

6mm: discover the target at 82.8m(271.7ft), field of view is 60°

\* The distance is for reference only, please choose the right lens according to real scenario.

Benefits &  
Key Features

## Diversified Storage

Video is easily stored and accessed through NVR, or Cloud storage.

### Cloud Storage

3-DAY Playback  
PER CAMERA

7-DAY Playback  
PER CAMERA

30-DAY Playback  
PER CAMERA

\$1.99 Monthly  
\$19.99 Annual

\$2.99 Monthly  
\$29.99 Annual

\$6.99 Monthly  
\$69.99 Annual

A free 30-day trial is available for every new registered Imou device  
Cloud video storage is based on alarms, let you never miss the moments

### Local Storage

The camera supports 7\*24 continuous recording in NVR.
